

Windward Sponsors Inaugural "Boulder Intern-tainment" Bus Tour

Interns from local businesses to gather for afternoon of team building, Boulder history and fun

FOR IMMEDIATE RELEASE

Boulder, CO – [Windward](#), the premier reporting, document generation and business intelligence software solutions provider, today announced the first annual Boulder inter-business internship event. The "Boulder Intern-tainment" adventure is a combination bus tour/scavenger hunt designed to show students what the community has to offer while giving them a great opportunity to socialize with other interns.

"What [interns](#) most remember when they go back to school is the social events, and we'll be giving them an awesome one to remember," said David Thielen, founder and CTO of Windward. "Events like this are part of the reason Boulder is one of the most popular technology internship destinations in the country."

The festivities start with a trip aboard [Banjo Billy's Bus Tours](#), an old school bus tricked out to look like a traveling hillbilly shack. Participants – grouped into teams for the scavenger hunt – will hear ghost tales, crime stories, and history while sitting on a couch, recliner or saddle as the bus rolls through the core of the city.

Along the way, the students will stop at notable Boulder landmarks, including University Hill, Chautauqua Park, the 29th Street Mall and the Pearl Street Mall, spending time at each location taking pictures of items on their scavenger hunt list. At the end of the tour they will tally the pictures to see which team has won, followed by dinner at [Five Guys](#).

The adventure takes place May 31, 2013, beginning at 3 p.m. Companies that have already signed on to participate include Windward, [AppliedTrust](#), [PivotDesk](#), [Standing Cloud](#), and [Rally Software](#).
