Blue Money Fund

Data Updated as of 6/30/2012

Investment Objective

The investment seeks capital appreciation.

Investment Strategy

The fund invests principally in common stocks of U.S. companies and, to a lesser extent, in equity securities of foreign issuers, usually those that are publicly traded in the United States either directly or through American Depositary Receipts ("ADRs"). It invests in companies in a broad range of industries but generally focuses on companies whose earnings under normal economic conditions are growing by at least 20% per year and whose stocks sell at reasonable price-to-earnings ratios. The fund targets fundamentally sound mid - cap or larger companies that are experiencing a positive change.

Principal Risks

Risks may include Foreign Securities, Long-Term Outlook and Projections, Loss of Money, Not FDIC Insured, High Portfolio Turnover, Market/Market Volatility, Mid-Cap.
